HFTP-N0

HFTP Customer premises fiber wall outlet

Ideal for FTTH and FTTB applications, the HFTP is a compact fiber terminal for use at the final fiber termination point in the customer premises. The HFTP provides mechanical protection and managed fiber control in an attractive format suitable for use inside customer premises.Complete kits are available which include CommScope connectors, mechanical splices and cable assemblies for all installation options.

A variety of possible fiber termination techniques are accommodated

- Splicing to factory terminated pigtails
- Direct termination with field installable connectors.

Features:

- Attractive design options for indoor use
- Managed fiber control
- Mechanical or fusion splicing
- Direct termination
- Splice cable to cable
- Compatible with SC or duplex LC adaptors
- Multiple cable entry points (cable diameter≤6mm)

Product Classification

Regional Availability	EMEA
