

MP-PP-SERIES

Base Product

MP-PP Series 3-Sector PIM-Guard Monopole Platform Kits

The MP-PP Series PIM-Guard Monopole Platforms provide increased antenna-to-antenna spacing and enable Radio mounting on a custom Adjustable Triangle to mitigate PIM around antennas. Kits include a heavy duty ring mount for monopoles ranging from 12" to 45" along with a top rail and work platform for installers. Offerings include 13ft, and 15ft face widths.

- PIM Optimized design with wider face for increased antenna-to-antenna spacing & custom triangle that enables Radio mounting
- Designed for 12" to 45" Monopoles with Single point tower connection featuring innovative 'mini-kicker'
- Adjustable Triangle to enable same stand-off distance for Monopoles 12" to 45" - enables consistent spacing between adjacent sectors
- Available as Base Kit with handrail or Full Kit with Antenna Pipes
- 3 and 4 Sector Solutions

Product Classification

Product Type Monopole platform kit

General Specifications

Mounting Monopole, 304.8–1143 mm (12–45 in) OD

Material Specifications

Material Type Hot dip galvanized steel

Mechanical Specifications

Wind Rating Test Method TIA/EIA-222
