

FACT® splitter chassis, gray, 1E high with high quality factory installed 1x4 splitters, LC/APC, 14 circuits, symmetrical, planar

- Designed for use with the all-purpose all-front-access FACT frames and FIST-GR3 frames supporting up to 2,688 LC or 1,344 SC connections in a single frame (FACT-IC frame 2880 LC or 1440 SC)
- Reduced installation and maintenance time via the toolless snap-on design supporting both interconnect and cross-connect applications
- High density through the single FACT element height (1E) being 30% less tall compared to the industry standard panel height (1HU)

Product Classification

Regional Availability	Asia Australia/New Zealand EMEA Latin America North America
Portfolio	CommScope®
Product Type	Fiber splitter chassis
Product Brand	FACT®
Product Series	FACT

General Specifications

Functionality	Splitting
Technology Type	Planar lightwave circuit (PLC)
Circuits, quantity	14
Distribution Type	1 x 4 splitter (14)
Interface, Input	LC/APC
Interface, Output	LC/APC
Split Ratio	Symmetrical
Tray Orientation	Left orientation Right orientation

Dimensions

Height	30.95 mm 1.219 in
Width	524 mm 20.63 in
Depth	283 mm 11.142 in

Environmental Specifications

760253969 | FACT-1ESXHPP10400L2

Environmental Space Indoor

Packaging and Weights

Included Mounting hardware for FACT frame
